

IMPORTANT NEWS FROM YOUR CHAIRMAN

I have held off as long as I can but at this time need to increase the Annual Membership and Race Number Fee to \$50.00

The current economy and inflation make this necessary along with low number of members over the last few years.

I am well on my way to announce our second annual Air Racing League Summit event and am giving it my all to present something everyone will put on their calendars. I have my annual Mark Hardin Memorial Air Race set to go as well as my own Texas Gulf Coast 150 Air Race date TBD very soon.

You can see that I produce 3 events this year. Volunteers are a key and I am looking for people who will want to join in making these events and our League a success in 2022.

Thank you for all your support and I trust we will have more step forward to keep our sport alive.

Your very dedicated and determined Chairman,

Pat
