
SPORT AIR RACING LEAGUE!

PAPPY BOYINGTON MEMORIAL CUP, COEUR D'ALENE, IDAHO

SEPTEMBER 5, 2015

RACING FOR THE REST OF US!

Have you ever wondered how fast your airplane really is? Air racing has historically been dominated by the National Championship Air Races in Reno, Nevada, once each year. Reno generally requires deep pockets and high level pilot skill to safely perform what is essentially "aggressive formation" racing around pylons. The Sport Air Racing League was formed so that for pilot/owners who do not have the deep pockets necessary to race at Reno could participate in competitive racing. A safe racing environment is made accessible to people without specific racing experience or training by starting the racers at timed intervals, in a fastest-first starting order. This starting method alleviates passing and prevents head-to-head racing as seen at Reno.

Races in this league are primarily a proving ground for aircraft performance enhancements be they in the power plant or aerodynamic/configuration and are 100 to 400 miles in length. Safety is stressed and participation by anyone with a valid pilot's license and an airworthy aircraft is encouraged. There are classes for all propeller driven aircraft based on aircraft type, horsepower, and retractable gear. Racers will receive a personalized plaque with their finishing speed on it and a T-shirt. The fastest 3 racers will receive a beautiful trophy donated by Catto propeller.

Sponsored by Empire Airlines, Avista Corporation, and Catto Propeller.

FRIDAY, SEPTEMBER 4 ARRIVAL DAY

1:00 PM to 5:00 PM Registration, Cash/Check only no credit cards please. Registration is at race central (See next page). Please let us know if you will be coming as soon as you can by signing up at sportairrace.org/sarl/.

- Entry fee is \$40 for SARL members and \$50 for nonmembers (included provisional membership).
- For ground transportation call Brent or Kristi Travis at 208-691-7472 or 208-691-7473. We will make at least one GMC Suburban available to race pilots as a courtesy car.
